

Website Quizzes

Each Stage has a section entitled “**Practice Quizzes**” which offers various quizzes to help you master the material of that Stage.

Each quiz marked with an “*”, **if taken and passed before the Test for that Stage**, will earn you 2 extra credit points for the first pass and 1/2 point for the next 4 passes for a total of 4 extra credit points.

If a quiz is taken after the test for that Stage you will receive a maximum of 1 point.

You must take and pass a minimum of 2 quizzes marked with an “*” (one must be a grammar quiz) for every Stage in order to be eligible for **any other extra credit opportunities given during the marking period, including the extra credit Project.**

******* When you start the quiz, you must give your **first name, last name** and in the field marked ExtraCredit you must put the **extra credit password** or your quiz results will not be recognized. *******
